RICHARD BLAIR COURIERS

REVIEWS FROM COMMERCIAL CLIENTS

"Whilst Richard worked for me for two years with Rico Logistics Ltd, he was always very professional in every aspect of the job given, I would recommend him at all times!"

"The Tadley and District Chamber of Trade contracted RBC Tadley when we were holding an event and needed several tables and nearly 100 chairs collected from the village hall and then delivered to the venue. Richard was right on time to collect the tables and chairs, delivered them on time and collected them and returned them as requested.

The Tadley and District Chamber of Trade will definitely be using RBC Tadley again when we hold other events and need the same type of service. So if you are business needing something moved, delivered or even a courier service for letters or parcels, then we would, without a doubt, recommend RBC Tadley."

"A first class courier service that we use regularly to complement our own transport fleet. The rates for deliveries are competitive and we can be sure our goods will be delivered in good condition and on time. I would thoroughly recommend RBC to any potential customer who wants a first class courier service."

--- *Neil Rourke (Blackwell Contracts Ltd)*

"I have used RBC for deliveries which require a more personal service than the normal multi drop carriers tend to offer. Such as deliveries within very limited time brackets and others where we have to call another location and wait for people to arrive to unlock the delivery address. RBC have always been very helpful and flexible in their approach."

REVIEWS FROM DOMESTIC CLIENTS

"I used Richard recently to deliver a piece of furniture and the service that he provided was exceptional value for money. He collected the item on time and handled it with the utmost care. More importantly it arrived at its destination in the same condition that it left me, no damage or scratches. I would not hesitate to use him again, well recommended."

"We used Richard from RBC Tadley when we needed some help with moving items from one house to another house. He was absolutely brilliant. Nothing was any trouble whatsoever. He worked solidly for hours on end lifting, moving, carrying boxes and items from our house to his van and then unloading the other end. We found him very polite, friendly and we would thoroughly recommend RBC Tadley to anyone who is looking for something to be moved. His services are extremely good value for money and you can trust him to do a good job!"

REVIEWS FROM "PETS TO VETS" CLIENTS

"Thank you, Anne, for your professional and competent service earlier today, delivering our two beloved boys to their Great Grandmother in Pangbourne. They had a wonderful day with walks by the river, so thank you for making it all possible."
